The Illusion of Space: Shading

We use LINE to create VALUE.

VALUE is..._____

0 1 2 3 4 5 6 7 8 9 10

This is a value scale, showing 8 degrees of gray between white and black.

When we shade, we:

★ go light to dark

★ follow the contour of the object

★ vary the pressure on our pencil

Light source:
_____
_____

Highlight (white)

Note that this picture has several _values_ between black and white.

Cast shadow (black)

What is the difference between SHAPE and FORM?

_____
